Investing in Education

THEIR SIGNIFICANT ACCOMPLISHMENTS ARE matched only by their impressive life goals, and now, they are bound for the top universities throughout the country.

These eight outstanding high school seniors from the Irvine Unified School District competed with 24 other seniors from high schools on The Irvine Ranch® for \$120,000 in scholarship grants as part of The Irvine Company's 2007 Student Leadership Awards program. All 32 winners were selected for their outstanding leadership skills, potential to make a difference in their community, and for their academic and extracurricular achievements.

The Irvine Company and the Bren Foundation have made a multi-million dollar commitment to support the exemplary schools on The Irvine Ranch, including a \$20 million gift to create an Excellence in Education Enrichment Fund to support elementary level art, music and science enrichment programs in Irvine. Together with the Student Leadership Awards Program and the Irvine Teacher of the Year awards, The Irvine Company's educational support helps to ensure that Irvine schools continue to be ranked among the finest in the nation.
